TEACHER DONATION APPEAL

Inspiring bright futures for students and teachers is our passion. Over the past several years, product donations have declined, while the demand for our services is rising.

To help keep our programming strong and raise awareness in the community, we ask you to consider making an annual voluntary donation of \$25 or more to support the free services SC4K provides to you and hundreds of teachers like you.

DID YOU KNOW? The average value of a shopping cart full of free supplies is over \$1,500!

You can also bring a check or cash to your next shopping visit.
