MORE THAN NEW OUTFITS
NEW OUTLOOKS

HOST A 
COLLECTION DRIVE!

You can help us provide the self-esteem and confidence that comes from having something new to wear by hosting a collection drive in your community, workplace, or church.

Host a collection drive for new items

Collection drives provide a fun way to give back to local students. Forty-eight percent of children in Greater Cleveland live at or below the Federal poverty level. Help SC4K empower these children by donating **NEW** items through a collection drive.

Help stock our shelves with the items SC4K needs the most:

Winter Hats & Gloves

Hygiene Products

soap, deodorant, lotion, toothpaste, toothbrushes

Underwear (all sizes)

Socks (all sizes)

Art Supplies

construction paper, paint & paint brushes, modeling clay, etc.

School Supplies

dry erase markers & erasers, highlighters, index cards, scissors (7" & 8"), spiral and composition notebooks (wide-ruled)

**Have a creative idea?
We can help you
customize a drive!**

Collect one or more of these items to help lessen the burden many families and teachers face.

Host a virtual drive

Donating dollars, alongside or independently of your collection drive, can help SC4K leverage our purchasing power. SC4K works with a network of wholesale vendors, which means your financial donation can make a bigger impact.

More than just supplies

By donating new items to SC4K, you directly empower teachers and students and transform classrooms. Teachers, who often personally fund classroom needs, can access free supplies that spark learning and creativity and boost student confidence and self-esteem.

Tips for your drive

- Ensure all items you collect are new, with the tags on, and in their original packaging.
- Do not wrap any items that you donate to SC4K.
- Collection boxes and customizable promotional materials are available.
- **Make it fun!** Turn your drive into a friendly competition in your workplace or at your next family gathering.
- **Make it personal!** Honor a teacher or school who made an impact in your life through a drive.

Ready, Set, COLLECT!

To get started, scan the QR Code and a member of our Programs Team will reach out.
